Apprenticeship Framework

The goal of this apprenticeship is to equip learners with the essential skills and knowledge required to advance in senior and technical roles within the insurance industry.

The programme prepares learners for roles such as:

- Claims Manager
- Insurance Broker
- Risk Manager
- Actuarial Analyst

Who is this apprenticeship for?

The Level 4 Higher Apprenticeship in Insurance (Technician Pathway) is your gateway to a rewarding career in the dynamic world of insurance. This nationally recognised qualification equips learners with the knowledge, skills, and experience needed to thrive in the insurance industry.

On completion of this apprenticeship, you will achieve the following:

- Level 4 NVQ Diploma in Insurance (Technician Pathway)
- Level 4 CII Diploma in Insurance (Dip CII)
- Level 2 Essential Skills Communication
- Level 2 Essential Skills Application of Number

*Please note that due to the high cost of pre-registration for the CII elements of the programme, a service level agreement for the repayment of fees incurred should learners withdraw from the programme prior to completion is a requisite for enrolment.

Benefits of the apprenticeship programme:

Accelerate Your Career Growth: With the Level 4 Higher Apprenticeship, you'll fast-track your career by gaining invaluable hands-on experience alongside theoretical knowledge. You'll be equipped with the tools to thrive and build a fulfilling career in the insurance industry.

Industry-Recognised Certification: Upon successful completion of this programme, you'll earn an industry-recognised certification, providing you with a competitive edge in the job market. Employer's value the skills and expertise gained through this apprenticeship, opening doors to exciting opportunities.

Practical and Real-World Learning: Our programme emphasises practical, real-world learning. You will practice skills in the workplace collaborating with experienced colleagues and supported by ALS professionals who will guide you through every step of the process.

Tailored Curriculum: Our comprehensive curriculum is designed to meet the demands of the continually evolving insurance industry. You'll cover essential topics such as regulatory arrangements, managing risk, underwriting, claim management and customer relationship management.

Experienced and Knowledgeable Advisors: Throughout your apprenticeship, you'll have access to a network of experienced advisors who will provide guidance, support, and feedback.

Course Delivery

- Typical duration of 24 months.
- Induction session for apprentices and for their line managers.
- 12 full day CII Diploma workshops
- Supported by self-study online resources.
- 3 exams and 3 assignments for the CII Diploma.
- Monthly 1-2-1 sessions to achieve your NVQ
- 4 Essential skills assessment days. (2 Preparation days and 2 Live Task days) **
- 2 hour long essential skills confirmatory tests. **

***Essential Skills activities are not applicable to apprentices with exemptions.*

Level 4 NVQ Diploma in Insurance (Technicians Pathway)

Course Delivery

This programme will primarily be delivered through 1-to-1 sessions with a member of the ALS delivery team, using a mixture of face-to-face and remote learning sessions. An ALS assessor will meet with the learner, either in the workplace or through digital means (for example, Microsoft Teams) once a month for approximately two hours to support progress.

The units are assessed via a variety of work-based methods including work products, professional discussion, questioning, witness testimony and observation. (this can be done virtually, if required)

Qualification Structure Summary

The Level 4 NVQ Diploma in Insurance consists of units totalling 53 credits.

1 mandatory unit, with a total of 5 credits that must be achieved and optional units totalling 48 credits.

Please note: at least 30 credits must be at Level 4 or above.

Unit rules of combination:

- Mandatory Units (Learners must achieve this unit) – 5 credits.
- Optional units Group 1 – minimum 27 credits.
- Optional units Group 2 – maximum 21 credits.

What you will learn

This programme is made up of a mixture of mandatory units (these have to be completed by all learners as part of the qualification) and optional units (we will work with you to decide what units are relevant to your role, and your business).

Essential Skills Qualifications

When you agree to undertake an Apprenticeship, you may be required to complete Essential Skills as part of your apprenticeship framework.

Essential Skills Wales

The Essential Skills Wales (ESW) will be initially assessed via an online Wales Essential Skills Toolkit (WEST) Assessment. Where a Learner already holds an ESW certificate or equivalent qualification this can provide an exemption and learners will not need to complete that ESW element of the programme. Where a Learner is not exempt an Individual Learning Plan (ILP) will be generated from the initial assessment. The modules delivery will include independent learning via WEST, prior to guided learning sessions preparing the Learner for their assessment. ESWs are assessed via controlled tasks and confirmatory tests for Communication and Number.

Exemptions

If you already hold qualifications, these may be used as 'exemptions' towards your apprenticeship framework. As a result, you will be exempt from achieving that particular Essential Skill, if you wish. This will be discussed with you before you sign up with us, and will also be followed up by your assessor before and during your first visit from us.

Have any questions about Essential Skills?
