Level 4 Regulatory Compliance

Course Delivery

This programme will primarily be delivered through workshops and 1-to-1 sessions with a member of the ALS delivery team, using a mixture of face-to-face and remote learning sessions. An ALS assessor will meet with the learner, either in the workplace or through digital means (for example, Microsoft Teams) once a month for approximately two hours to support progress.

Employers will support apprentices gaining competence and are responsible for confirming competence prior to gaining the qualification.

Essential Skills Qualifications

When you agree to undertake an Apprenticeship, you may be required to complete Essential Skills as part of your apprenticeship framework.

Essential Skills Wales

The Essential Skills Wales (ESW) will be initially assessed via an online Wales Essential Skills Toolkit (WEST) Assessment. Where a Learner already holds an ESW certificate or equivalent qualification this can provide an exemption, and learners will not need to complete that ESW element of the programme. Where a Learner is not exempt an Individual Learning Plan (ILP) will be generated from the initial assessment. The modules delivery will include independent learning via WEST, prior to guided learning sessions preparing the Learner for their assessment. ESWs are assessed via controlled tasks and confirmatory tests for Communication and Application of Number, are assessed via a controlled task and structured activity.

Exemptions

If you already hold qualifications, these may be used as 'exemptions' towards your apprenticeship framework. As a result, you will be exempt from achieving that Essential Skill, if you wish. This will be discussed with you before you sign up with us and will also be followed up by your assessor before and during your first visit from us.
